

Regional instead of international!

The close cooperation with local farmers, Austrian food manufacturers and retailers is very important to us.

That is why we try to source the majority of our products from Austria and the region, as well as according to the season.

This not only increases the added value in the region, but also sends a strong signal against the globalized standard taste on the plate.

We have been awarded the **AMA gastro seal** for fresh food preparation and the use of regional products.

Holzschopf has been a member of KäseStrasse Bregenzerwald since summer 2018 and is therefore a **Käsewirt**.
